BEST PHYSICIANS AS CHOSEN BY THEIR PEERS

I cannot thank you enough. I used to run marathons, get my black belt, and play Division 1 lacrosse. In high school I played 5 Varsity sports. Being active has been my life, and this past year that has been taken away from me. I thought that the rest of my life would consist of me being in chronic pain, held back from everything I love, and then I met you.

You are such an incredible person. To be the top notch doctor that you are, and still remain as compassionate and kind as you are isn't just refreshing -- it's unheard of.

Thank you for being the person that you are and for giving me my life back. If anyone can do it, it's you.

Clearly I didn't go to medical school!
